

ANIMO'S NEW OPTIBEAN X PRECISION IN TASTE

PRECISION IN TASTE WITH OPTIBEAN X

Animo proudly presents the latest addition to the award-winning range of OptiBean coffee machines: the new OptiBean X. Because the best flavour is in the smallest details, its core has been completely redesigned to bring precision in taste. Cup, after cup, after cup.

GET YOURSELF A CUP OF CLASS

Freshly ground coffee beans deserve to be treated with respect, and that's all in the extraction: the combination of the amount of coffee, grinding degree, contact pressure, and temperature. OptiBean's new X-press precision brewer perfectly aligns these conditions to match any taste. Because that's what it takes to turn your brew into a cup of class.

DISCOVER THE FINE ART OF BREWING

With its smart combination of high quality parts and technical skills, OptiBean X produces freshly ground coffee and many variations in no time – even when brewing two cups at a time. Equipped with an entirely new X-press brewer, OptiBean is the ultimate upgrade for your coffee:

- + The highest quality in grind and brew
- + Dispense bigger cups, faster
- + Consistent in-cup quality and precision in taste
- + Swiss made X-press brewer
- + Adjustable tamping pressure
